INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
House Investments Securities, Inc.:

We have audited the following financial statements of House Investments Securities, Inc. (the "Company") for the years ended December 31, 2001 and 2000, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934:

	Page
Statements of Financial Condition	2
Statements of Income	3
Statements of Changes in Stockholders' Equity	4
Statements of Cash Flows	5

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of House Investments Securities, Inc. as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Computation of Net Capital for Brokers and Dealers Pursuant to Rule 15c3-1 under the Securities Exchange Act of 1934 for House Investments Securities, Inc. as of December 31, 2001 (page 8) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. This schedule is the responsibility of the Company's management. Such schedule has been subjected to the auditing procedures applied in our audit of the 2001 basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the 2001 basic financial statements taken as a whole.

HOUSE INVESTMENTS SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2001 AND 2000

1. DESCRIPTION OF BUSINESS

Organization - House Investments Securities, Inc. (the "Company") is an Indiana corporation which was organized on November 22, 1985. The Company is registered as a broker/dealer with the National Association of Securities Dealers, Inc., the Securities and Exchange Commission, and the Indiana Securities Division.

The principal business activity of the Company is the sale of limited partnership interests to investors. The Company is limited to selling Direct Participation Programs which provide flow-through benefits to the investors.

2. SIGNIFICANT ACCOUNTING POLICIES

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition - For its services related to coordinating the syndication of the limited partnerships, the Company receives a syndication fee. Revenue is recognized at the time the syndication is completed and the income is reasonably determinable. The Company also earns commissions from the limited partnerships for its services as a broker/dealer based on the number of limited partnership units sold by the Company.

Commission Expense - The Company has two registered representatives, one of which solicits investors for the limited partnership interests on behalf of the Company. The registered representative is paid 50% of the commission received by the Company from investment programs not marketed to corporate investors based on the number of units sold by the representative. The Company pays negotiated amounts to unaffiliated broker/dealers for assistance in marketing units to corporate investors.

Federal Income Taxes - The stockholders of the Company have made an election to be treated as an S Corporation under the Federal income tax laws. Accordingly, the income of the Company is taxed directly to its stockholders. Therefore, no provision for income taxes has been made in the financial statements.

Net Income Per Share - Computations of net income per share are based on 400 weighted average shares outstanding in 2001 and 2000.

Cash and Cash Equivalents - The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Valuation of Investments - The Company values its investments at market value as of the close of business on the last business day of the fiscal year in accordance with prevailing practices within the broker/dealer industry with the unrealized appreciation or depreciation included as part of revenue in the statements of income. The investments consist of units in a bond fund, common stock and warrants. Credit risks exist to the extent the bond fund's investments are with borrowers who cannot repay their obligation, and the common stock and warrants are not publicly traded. Market risk exists from the general interest rate environment and a lack of a public trading market for the stock and warrants. The cost and market values for investments were as follows at December 31:

	2001		2000	
	Cost	Market	Cost	Market
Bond fund	\$ 25,796	\$ 25,253	\$ 24,438	\$ 23,598
Common stock	22,750	22,750	22,750	22,750
Warrants	3,300	3,300	3,300	3,300
	<u>\$ 51,846</u>	<u>\$ 51,303</u>	<u>\$ 50,488</u>	<u>\$ 49,648</u>

3. RELATED PARTIES

The Company reimburses House Investments, an entity under common ownership, for certain operating expenses based on an allocation of House Investments' personnel costs incurred for the benefit of the Company. The Company reimbursed House Investments \$8,400 for these expenses in both 2001 and 2000.

During 2001, the Company received commission income of \$197,500 from House Investments - Real Estate Opportunity Fund II, L.P.

During 2000, the Company received commission income of \$486,450 from House Investments - Midwest Corporate Tax Credit Fund IV, L.P.

4. RESTRICTIVE COVENANTS

The National Association of Securities Dealers, Inc. imposes certain restrictions on the Company, the most significant of which are to maintain a minimum net capital of \$5,000 and aggregate indebtedness, as defined, which does not exceed fifteen times net capital, as defined.

5. SECURITIES AND EXCHANGE REQUIREMENTS

The statement of changes in liabilities subordinated to claims of general creditors has been omitted as no subordinated liabilities existed at any time during 2001 and 2000.

6. COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS UNDER RULE 15c3-3 AND INFORMATION FOR POSSESSION OR CONTROL REQUIREMENTS UNDER RULE 15c13-3

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934, in that the Company's activities are limited to those set forth in the conditions for exemption appearing in paragraph (k) of that Rule.

SUPPLEMENTAL SCHEDULE

HOUSE INVESTMENTS SECURITIES, INC.

COMPUTATION OF NET CAPITAL FOR BROKERS AND DEALERS PURSUANT
TO RULE 15c3-1 UNDER THE SECURITIES EXCHANGE ACT OF 1934
DECEMBER 31, 2001

COMPUTATION OF NET CAPITAL:

Total stockholders' equity	\$ 144,087
----------------------------	------------

Deductions and/or charges:

Total non-allowable assets	<u>26,492</u>
----------------------------	---------------

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17A-5

February 5, 2002

House Investments Securities, Inc.
Two Meridian Plaza
10401 North Meridian Street, Suite 275
Indianapolis, Indiana 46290

In planning and performing our audit of the financial statements of House Investments Securities, Inc. (the "Company") for the year ended December 31, 2001 (on which we issued our report dated February 5, 2002), we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the Company's internal control.

Also, as required by Rule 17a-5(g)(1) under the Securities Exchange Act of 1934, we have made a study of the practices and procedures followed by the Company (including tests of compliance with such practices and procedures) that we considered relevant to the objectives stated in Rule 17a-5(g): (1) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e); (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (3) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (4) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control and of the practices and procedures, and to assess whether those practices and procedures can be expected to achieve the Securities and Exchange Commission's (the "Commission") above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized acquisition, use, or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal control or of such practices and procedures to future periods are subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with the practices or procedures may deteriorate.

Our consideration of the Company's internal control would not necessarily disclose all matters in the Company's internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the Company's internal control and its operation, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the Commission's objectives.

This report is intended solely for the information and use of the board of directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Yours truly,

Deloitte & Touche LLP
